

AN2000ST

STAINLESS STEEL AUTOMATIC HOT HAND DRYER

DESCRIPTION

The Eco Dry 2000ST hand drier is a fully automatic sensor activated drier suitable for installation in light commercial application.

With a low noise output, Eco Dry 2000ST will dry hands in approximately 30 - 45 seconds. It has a robust brush finish stainless steel cover which will withstand normal rigours of a commercial washroom.

INSTALLATION

Fix to wall as per dimensions (right)
