

AS0347, AS0359

SURFACE MOUNTED VERTICAL LIQUID SOAP DISPENSER

DESCRIPTION

Model AS0347 is a vertically mounted, Type 304 stainless steel with satin finish, 1.18L capacity liquid soap dispenser. Valve is constructed of a plastic valve body and push button with stainless steel and plastic internal parts. A tamper resistant sight gauge is provided. Unit has a hinged stainless steel refill door on top of unit, which is opened with special key provided.

Optional foam soap dispenser also available refer to model AS0359.

INSTALLATION

Mount to wall or partition using bracket (supplied). Unit is secured to interlocking wedge bracket and locked in place by a locking screw (supplied) installed through hinged refill door. Recommended installation for general utility is 1050 mm) AFF or 150mm minimum above washbasin.

SOAP

Correct soap viscosity is vital to correct soap dispenser performance. Only vegetable based liquid soap with a viscosity of 4500 - 8000 centipoise should be used. Never use commercial hand cleaners as these often have grit which could damage soap pump mechanisms. Suggested Soap - Easy Products Ltd - Liquid Soap.

MODELS

AS0347 - Vertically mounted model.

AS0359 - As above but to suit foam soap.
