

## **BE-STM160A**

### MACDONALD L-SHAPED SHOWER CURTAIN TRACK KIT

#### **DESCRIPTION**

The MacDonald STM160A is a 1600x1600mm modular shower track kit including wall sockets, hooks, and ceiling support. Clear anodised including silver ceiling support. Curtains can move freely along the entire track and can be shifted to either end.

Track can be cut to suit required length. 1800 high white PVC curtains are supplied separately and ordered according to length required.

To suit an accessible shower the track should be cut to measure 1100x1100mm; this complies with NZS4121.

#### NOTES:

- Wall fixing screws not include
- Shower curtains not included, see models.

#### **PRODUCT ADVANTAGES**

- Adjustable length up to 1600x1600mm.
- Low maintenance.
- Heavy duty wall sockets for extra stability and strength.
