 TEMPOMATIC 4 URINAL VALVE

DELABIE

DESCRIPTION

DELABIE Tempomatic 4 electronic urinal valve is an intelligent solution for flushing individual wall hung urinals. It is supplied in 2 parts: a 1st fix inwall valve housing that is installed before wall lining and a 2nd fix electronic sensor. The inwall valve has a waterproof recessed housing that can be cut to suit the wall thickness ensuring a perfect seal. Any leaks within the housing are guaranteed not to spill back into the wall cavity.

Delabie Tempomatic 4 is an intelligent urinal valve that is able to detect high-frequency periods and adapt its rinsing accordingly:

- Shockproof infrared sensor.
- Activates after 10 seconds of presence.
- 3 program options to suit urinal type and preferred flush volume.
- Hygienic duty flush, every 12hr, 24hr (or off) after the last use.
- Flow rate pre-set at 0.15 l/sec., can be adjusted.
- Use with DE752430 connection tube for ceramic urinals.
- Use with DE757430 connection tube where flexible 1/2" connection hose is supplied with urinal or with Caroma Torres urinals.

Available for either 230V AC supply or battery operation with a 145 x 145mm polished stainless steel, satin stainless steel finish, or black ceramic glass.

Compatible with thick wall finishes up to 120mm. Integrated stopcock, flow rate adjustment, filter and solenoid valve are all accessible from the front.

Tempomatic 4 urinal valve is suitable for use with grey water.

MODELS

DE430016 - Bright polished stainless steel finish, 6V battery operated, complete with DE430PBOX

DE430010 - Bright polished stainless steel finish, 220V mains supply, complete with DE430SBOX

DE430006 - Stainless steel satin finish, 6V battery operated, complete with DE430PBOX

DE430000 - Stainless steel satin finish, 220V mains supply, complete with DE430SBOX

DE430036 - Black Ceramic Glass, 6V battery, complete with DE430PBOX

DE430030 - Black Ceramic Glass, 220V mains supply, complete with DE430SBOX

DE430036 - Black Ceramic Glass, 6V battery, complete with DE430PBOX

DE430030 - Black Ceramic Glass, 220V mains supply, complete with DE430SBOX
