

## DE736101 / DE736102 MONOFOOT FOOT OPERATED VALVE

# DELABIE

### DESCRIPTION

DELABIE DE736101 is a foot operated basin valve with instant shut-off for cold or mixed water supply. Pedal has adjustable height and can be raised for cleaning the floor. Instant shut-off when pedal is released. Operating pressure is 100-500kPa, 300kPa is recommended. Solid brass wall plate with reinforced fixing via 4 stainless steel screws. Available for floor or wall mounting. Supplied with filters and M1/2" water connections.

We recommend installing a thermostatic mixing valve (see Water Tempering section) and a wall or basin mounted spout (see Spouts section).

### INSTALLATION

- Fixed by 4 screws for floor or wall mounting.
- Pedal can be raised for cleaning floor.
- Instant automatic shut off.
- M1/2" right angle water connections.
- Pre-set mixing, can be adjusted.

### MODELS

**DE736101** - Standard model for floor mounting.

**DE736102** - Same as DE736101 but for wall mounting (height of pedal is adjustable).
