

G22095 & G22096 SURGEONS SCRUB TROUGH

G22095

G22096

DESCRIPTION

Surgeons scrub up troughs are ideally suited for installation in hospitals, health care facilities or infection control.

Available with or without backplash attached for protecting the wall behind.

The top and bottom areas of the trough are fixed to the wall using joggle strips. Wall fixing screws and plugs are not supplied.

Manufactured from 1.5mm thick grade (304) stainless steel, with surface stain finish. Supplied with a conventional waste outlet in the base of the trough for surface mounting. Drain is to the side by a 50mm plug waste, specify left hand (L) or right hand (R) waste.
