MI-AS1224S
MACDONALD ASPIRING WALL FACED TOILET SUITE & SOFT-CLOSE SEAT

DESCRIPTION

MacDonald Aspiring is an elegant, yet compact toilet range designed to maximise space efficiency and create a more spacious bathroom environment.

The Aspiring toilet comes standard with Rimless technology, delivering a superior level of hygiene. This advanced flushing system projects water fully around the front of the pan for a more complete and effective flush. Rimless flushing also makes cleaning easier and helps reduce bacteria and dirt by more than 90%.

The Aspiring toilet seat features a soft-close mechanism, helping to prevent accidental dropping and potential damage to the pan. If you prefer a seat without a lid, please refer to the MacDonald Campus range.

The MacDonald Aspiring range is available in both wall-faced toilet suite (as shown) and back-to-wall toilet pan (see MI-ED1124S) formats.

With a WELS 4 Star 4.5/3L dual flush cistern, the Aspiring offers excellent water efficiency without compromising flushing performance.

- Trap type: Standard pan is P-trap, with P-S-trap adaptor for 60-160mm rough-in is included.
- Cistern: 4.5/3L dual flush cistern fitted directly to the toilet pan with concealed fixings.
- Inlet: ½" BSP concealed back inlet connection
- Water pressure range: 50–500kPa.
- Fixing: MI-WCPFK floor fixing kit included.
- Seat: MacDonald Eden soft-close toilet seat & lid.
- Dimensions: All dimensions in mm. Tolerance ±5% for below 200mm and ±3% above 200mm.
