

FR-ANMX452

SECURITY STAINLESS STEEL WASH BASIN - MEDIUM DUTY

DESCRIPTION

The Franke ANMX452 is a satin finish Type 304 stainless steel basin.

The ANMX452 has a deep bowl with a 32mm waste. Trap is not supplied. Basin is not pre-punched for taps but can be on special request.

The basin is designed to be face wall mounted with a removable shroud allowing access to fixing and waste and water fittings. The shroud is securely fastened to the basin and wall using a concealed Allen screw fixing.

It is suitable for use in vandal prone areas such as public toilets, schools, courthouses, prisons, and police stations.

INSTALLATION

Fix to wall using the joggle strip at the top of the basin backsplash and the wall bracket at the base of the shroud. All waste and water fittings are accessible via the removable shroud.

TAPS

Recommended taps for the ANMX452 include;

Delabie 745 257 - Timed flow tap

Delabie 745 351 - Timed flow tap

Delabie 700 001 - Timed flow mixer

Warden B50 - Backsplash mounted bubbler where Warden electronic plumbing control system is being used (refer separate literature).

MODELS

FR-ANMX452 - Standard stainless steel wash hand basin with no tap hole(s).

FR-ANMX453L/R - Same as standard basin but with LH or RH tap hole.

FR-ANMX454 - Same as standard basin but with 2 tap holes.
